

Digital Literacy Course - Weekly Assessment Forms

****Print only pages 6 through 12 for each student's gradebook****

Weekly Assessment Framework

In-Class Assessment (Per Week)

Instructor tracks only:

1. **Attendance:** Present / Absent
2. **Participation Level:** Fully Engaged / Developing / Beginning
3. **Handout Completion:** Complete / Mostly Complete / Attempted
4. **Growth Notes:** 1-2 specific observations about progress or needs

Example Growth Notes:

- "Confidently helped neighbor with Wi-Fi connection"
- "Struggled with password creation - recommend extra practice"
- "Showed excellent improvement in professional email tone"

Homework Verification System

Students submit Applied Digital Skills certificates:

- Screenshot or printed certificate from completed modules
- Instructor verifies completion, does not grade content
- Missing certificates = follow-up conversation, not penalty
- Alternative assignments for students without home internet access

Three-Tier Completion System

Fully Engaged

- Participated actively in all class activities
- Completed in-class handouts/worksheets
- Demonstrated effort and willingness to learn
- Supported classmates when possible

Developing

- Participated in most class activities with encouragement
- Completed most handouts/worksheets (may need support)
- Shows progress from individual starting point
- Engaged with learning process

Beginning

- Attended but needed significant support for participation
- Attempted activities with substantial help
- Shows awareness of learning goals
- Present and willing to continue learning

Portfolio-Based Final Assessment

Student Digital Portfolio Contains:

1. **Growth Reflection Essay** (Week 12 handouts 13A & 13B)
2. **Final Project** (resume, slide deck, digital story, or AI exploration)
3. **Applied Digital Skills Certificates** (collected throughout course)
4. **Selected Work Samples** (3-4 pieces showing progression)

Portfolio Assessment Criteria:

Portfolio Complete:

- Contains all required elements
- Shows clear learning progression
- Demonstrates engagement with course objectives
- Ready for student to use professionally/personally

Portfolio Developing:

- Contains most required elements
- Shows some learning progression
- Demonstrates adequate engagement
- May need minor additions or improvements

Portfolio Beginning:

- Contains some required elements
- Shows limited progression evidence
- Demonstrates basic engagement
- Needs significant development for completion

Course Completion Requirements

To receive course completion certificate, students must:

1. **Attend 10+ of 12 class sessions** (accommodations for illness/emergencies)
2. **Submit completed portfolio** with all required elements
3. **Complete 8+ Applied Digital Skills modules** (with certificates)
4. **Participate in Week 12 final presentation**

Recognition Levels:

Digital Literacy Certificate of Achievement:

- All completion requirements met
- Consistent "Fully Engaged" participation
- Portfolio demonstrates mastery of course objectives

Digital Literacy Certificate of Participation:

- Basic completion requirements met
- Mix of participation levels throughout course
- Portfolio demonstrates engagement with learning process

Digital Literacy Certificate of Recognition:

- Attended regularly but may not meet all completion requirements
- Demonstrated effort and growth within individual capacity
- Recognizes commitment to digital learning journey

Benefits of This System

For Students:

- Reduces anxiety about grades and failure
- Focuses on personal growth rather than comparison
- Provides multiple ways to demonstrate learning
- Celebrates effort and participation

For Instructors:

- Significantly reduced grading burden
- Focus on observation and support rather than evaluation
- Clear completion criteria without subjective scoring
- Emphasis on individual student needs

For Organizations:

- Easier to train volunteer instructors
- Higher student retention and satisfaction
- Clear completion metrics for program evaluation
- Sustainable assessment model

Implementation Notes

Week 1-2: Establish growth mindset, explain assessment approach to students **Weeks 3-11:** Focus on instruction and support, minimal assessment paperwork **Week 12:** Portfolio compilation and celebration of growth **Post-Course:** Simple completion certificates based on participation and portfolio

This system transforms assessment from evaluation to documentation of learning journeys.

Learner Name: _____

Course Dates: _____ to _____

Week 1: Introduction to Technology & Internet

In-Class Assessment:

- Attendance: ☐ Present ☐ Absent
- Participation: ☐ Fully Engaged ☐ Developing ☐ Beginning
- Worksheet 1A Completion: ☐ Complete ☐ Mostly Complete ☐ Attempted

Growth Observation:

Homework Verification: ☐ Applied Digital Skills certificate submitted (any module) ☐ Alternative assignment completed (if applicable) ☐ Follow-up needed

Week 2: Google Accounts & Classroom

In-Class Assessment:

- Attendance: ☐ Present ☐ Absent
- Participation: ☐ Fully Engaged ☐ Developing ☐ Beginning
- Handout 2A & 2B Completion: ☐ Complete ☐ Mostly Complete ☐ Attempted

Growth Observation:

Homework Verification: ☐ "Gmail for Beginners" certificate ☐ "Discover AI in Daily Life" certificate (optional) ☐ Alternative assignment completed ☐ Follow-up needed

Course Summary Assessment

Total Attendance: ____/12 sessions

Applied Digital Skills Certificates Earned: ____/8+ required

Overall Participation Pattern:

- Fully Engaged: ____ weeks
- Developing: ____ weeks
- Beginning: ____ weeks

Key Growth Observations:

Week 1-4:

Week 5-8:

Week 9-12:

Final Assessment:

- Ready for independent technology use: ☐ Yes ☐ With support ☐ Developing
- Confidence level improvement: ☐ Significant ☐ Moderate ☐ Some
- Recommend for advanced digital literacy courses: ☐ Yes ☐ Maybe ☐ Not yet

Course Completion Certificate Earned: ☐ Digital Literacy Certificate of Achievement ☐ Digital Literacy Certificate of Participation ☐ Digital Literacy Certificate of Recognition

Instructor Signature: _____ **Date:** _____
