

Digital Literacy Worksheets and Handouts

Handout 3A – Smartphone Basics

Today I will learn: How to use my phone confidently and safely 📱

Phone Parts Checklist

Circle each part as your instructor shows it:

- **Power/Lock button** (usually on the side)
- **Volume controls** (+ and - buttons)
- **Touchscreen** (the glass part you tap)
- **Charging port** (where the cord goes)
- **Camera** (takes pictures)
- **Home button** (gets you back to main screen)

Quick Questions

Write the answers to the questions:

1. How do you turn your phone on/off?

2. How do you make it louder or quieter?

3. What's one app you use every day?

☒ By the end of today, I can:

- Turn my phone on and off
- Adjust the volume
- Connect to Wi-Fi
- Spot a scam text message

💡 **Remember:** Your phone is a tiny computer in your pocket. You're learning to be the boss of it!

🏠 **Try at home:** Connect to your home Wi-Fi (ask family for the password if needed)

❓ **Still confused?** Write one question to ask next week:

Handout 4A – Professional Email Tips

Today I will learn: How to write emails that make a great impression! ✉

Email Recipe for Success

Every good email has these ingredients:

 **Subject Line** - Tell them what it's about

Example: "Question about job application"

 **Greeting** - Be polite and friendly

Examples: "Hello," "Dear Ms. Smith," "Hi there,"

 **Your Message** - Keep it short and clear

Get to the point, use complete sentences

 **Your Name** - Always sign your emails

Example: "Best regards, Sarah Johnson"

Email Tone Translator

Instead of: "hey whats up"

Try: "Hello! I hope you're doing well."

Instead of: "i need help"

Try: "I would appreciate your assistance with..."

Instead of: "thx bye"

Try: "Thank you for your time. Best regards, [Your name]"

 **Pro Tip:** Read your email out loud before sending - does it sound professional?

Handout 6A – Google Drive Mission Control

Today I will learn: How to save my files in the cloud (so I never lose them again!) ☁

Drive Mission Checklist

Complete each mission and check it off:

Mission 1: Launch Drive

- Go to drive.google.com
- Log in with your Google account
- See your empty Drive (ready to fill up!)

Mission 2: Upload a File

- Click "**New**"
- Choose "**File upload**"
- Pick any file from your computer
- Watch it appear in Drive!

Mission 3: Create Organization

- Click "**New**" → "**Folder**"
- Name it "**My Digital Class**"
- Drag your uploaded file into the folder

Mission 4: Share the Love

- Right-click on your file
- Choose "**Share**"
- Add your instructor's email
- Click "**Send**"

 **Drive Success!** Your files are now safe in the cloud and accessible anywhere!

Worksheet 7B – Peer Review Power

Today I will learn: How to give helpful feedback like a pro editor! ✎

Peer Review Mission

Share your cover letter with a classmate using Google Docs "Share" feature

Editor's Checklist for Your Partner's Letter

Check off what you see:

Professional Appearance:

- All sections are included
- No major spelling errors
- Looks neat and organized

Content Quality:

- Greeting sounds professional
- Introduction clearly states the job they want
- At least 1 skill or strength mentioned
- Closing paragraph asks for interview

Feedback to Give: One thing they did really well:

One suggestion to make it even better:

Feedback Sandwich Method

1. **Top bread:** Say something positive
2. **Filling:** Give one helpful suggestion
3. **Bottom bread:** End with encouragement
 - **Example:** "Your introduction is really clear! Maybe add one more specific skill in the middle paragraph. Overall, this shows you'd be a great employee!"

Worksheet 8B – Time Detective Investigation

Today I will learn: Where my time really goes (and how to make it work better for me!) 🕒

My Time Tracking Challenge

Fill in what you actually did yesterday:

Time Slot	What I Did	Productive or Fun?	How Did It Make Me Feel?
7am–9am			
9am–12pm			
12pm–3pm			
3pm–6pm			
6pm–9pm			

Time Detective Discoveries 🔍

Looking at my day, I notice:

Time I felt most productive: _____ Time I felt most relaxed: _____

Something that took longer than expected: _____ Something I could do more efficiently: _____

Time Optimization Ideas 🚀 Check the ones you want to try: ☐ Batch similar tasks together (all errands in one trip) ☐ Set timers for activities (no endless scrolling!) ☐ Plan the night before (know what tomorrow looks like) ☐ Build in buffer time (things always take longer!) ☐ Schedule breaks (you deserve them!)	✅ By the end of today, I can: 😊 Use my calendar to stay organized 😊 Track how I spend my time 😊 Make realistic plans for my day 😊 Feel more in control of my schedule!
--	---

🏠 Try at home: Use your calendar to plan one productive day this week

Worksheet 11A – Digital Footprint Detective

Today I will learn: How to manage my online reputation like a pro! 🕵️

My Digital Footprint Audit

Let's see what the internet knows about you:

 Google Yourself Challenge: 1. Go to Google 2. Search for your full name in quotes: "Your Name" 3. Look at the first page of results	What did you find? • Nothing about me (that's actually good!) • Social media profiles • Work-related information • Photos of me • Other: _____
--	---

My Online Accounts Inventory

List 3 accounts where you share information:

Account/App	What Information Is Public?	Should It Be Public?
Example: Facebook	Profile photo, hometown	Maybe - it's okay

Digital Footprint Health Check

GREEN ZONE (Good for your reputation): • Professional email address • Positive posts about volunteering/work • Educational achievements • Family photos (appropriate ones)	YELLOW ZONE (Think twice): • Political opinions • Party photos • Complaints about work/school • Personal drama	RED ZONE (Could hurt job prospects): • Inappropriate photos • Negative posts about employers • Discriminatory language • Illegal activities
---	---	--

My Digital Reputation Action Plan

One thing I'm proud of in my digital footprint:

One thing I want to change or remove:

One positive thing I could add:

Worksheet 11C – Digital Life Balance Plan

Today I will learn: How to use technology as a tool, not let it use me! 🏴

My Digital Life Audit

Honest self-assessment:

🕒 **Time Tracking:** How many hours do you spend on devices daily? ____ hours

Where does that time go?

- Work/education: ____ hours
- Communication (calls, texts, email): ____ hours
- Entertainment (videos, games, social media): ____ hours
- Shopping/browsing: ____ hours
- Other: ____ hours

Technology: Helper or Habit? 🧠

● Ways technology HELPS my life: • Stay connected with family/friends • Learn new skills (like this class!) • Find jobs or work opportunities • Get directions and information • Pay bills and manage money • Other: _____	● Ways technology gets in the way: • Keeps me up too late • Makes me feel anxious or stressed • Takes time from face-to-face relationships • Makes me compare myself to others • Distracts me from important tasks • Other: _____
--	---

My Healthy Tech Habits Plan 🌱

🕒 Time Boundaries I want to set: • No phones during meals • Stop scrolling 1 hour before bed • Set a timer for entertainment apps • Take tech-free breaks every ____ hours • Have one screen-free day per week • Other: _____	🎯 Positive tech goals: • Use calendar to stay organized • Send one encouraging message daily • Learn something new online weekly • Use apps to track healthy habits • Connect with old friends via video chat • Other: _____
---	--

My commitment: One change I'll make this week:

Handout 13A – Your Success in Technology!

Today I celebrate: Completing the Digital Literacy Course! 🎓

Look How Far You've Come!

Week 1 Me vs. Today Me:

When I Started

Scared of technology
No email account
Couldn't use my smartphone fully
Never used Google Drive
Didn't know about online safety

Now I Can

Navigate the internet confidently
Send professional emails
Use apps and connect to Wi-Fi
Save and share files in the cloud
Spot scams and protect my info

Your Digital Skills Passport

You now have these verified skills:

- | | |
|--|---|
| ✓ Internet Navigation - Search effectively and safely | ✓ Basic Productivity - Use calendars, docs, and spreadsheets |
| ✓ Email Communication - Send professional messages | ✓ Professional Presentation - Create resumes and cover letters |
| ✓ Cloud Storage - Save and organize files online | ✓ Digital Citizenship - Manage online reputation responsibly |
| ✓ Digital Safety - Protect personal information | |
